GUIDE TO GROUNDBAIT

TEXTURE RATING

- 1** Small, fine particle size, very even consistency of particle size.
- 5** Large, coarse particle size, lots of difference between the particle size.

BINDING RATING

- 1** Low binding qualities, a soft light fluffy mix that breaks down quickly.
- 5** High binding qualities, a denser more compact groundbait that takes longer to break down.

TEXTURE

1 FINE COARSE 5

Banoffee

- Contains crushed expanders, blended fishmeals and biscuits enhanced with banoffee flavour
- Perfect for F1's, carp and skimmers
- Use with a feeder, pole or float

Use 2 pints of water to mix a 2kg bag

MAINLAND EUROPE ONLY

Dutch Master Feeder Mix

- Available in 3 different colours
- Use with feeder or pole

Use 1 litre of water to mix a 2kg bag

Yellow

- As sweet a groundbait as the Gold mix. Flavoured with Scopex liquid
- Perfect for bream, skimmers, carp and tench

Gold

- A sweet groundbait without fishmeal. Flavoured with caramel liquid
- Perfect for bream, skimmers, carp and tench

Brown

- A more active and less sticky sweet groundbait. Therefore it releases from the feeder quicker. Flavoured with coriander
- Perfect for roach, bream and skimmers

SUPER FEEDER GROUNDBAITS

Feeder events, and feeder fishing in general has seen a huge upsurge in popularity over the last couple of years with more and more anglers heading to the bank armed with feeder tackle and bait designed to fulfil the job at hand. Working alongside our illustrious line up of anglers including key members of the England Feeder Team and 2019 Feeder Master / Feeder King Lee Kerry, the Super Feeder range has been created to give anglers a range that covers all of their traditional feeder fishing needs from tackling a big Irish loch targeting bream and hybrids with large cages and window feeders to targeting commercial silverfish with a simple cage feeder setup.

Super Feeder Original

- Perfect for open end feeders
